"Svirzh Portal: History of Svirzh Castle in VR&AR space"

The idea of this our project is focusing on modern technological means - VR and AR-content - of reflecting the history of the castle and surrounding architectural and environmental values.

As for now we started to heather all relevant information about various aspects of the past history of the castle and former life its habitants.

There are well qualified technical specialists in Lviv, so we suppose to propose implementation something similar also into the Hrastovec castle in Lenart.

Creating the Health and Sports Center of the community "My force with you"

The goal is to create a place of strength, inspiration and health, a space of unity, cooperation and self-realization, which will promote a healthy lifestyle, strengthen social ties and form environmental awareness.

The main components of the center: a swimming pool (needs major renovation), a gymnastics and fitness room, sports fields for games, a green open-air classroom, a botanical mini-garden, a tennis court, and functional spaces.
